

travefy + TOURPLAN

Integration Solutions

Import quotes and bookings from Tourplan in seconds.

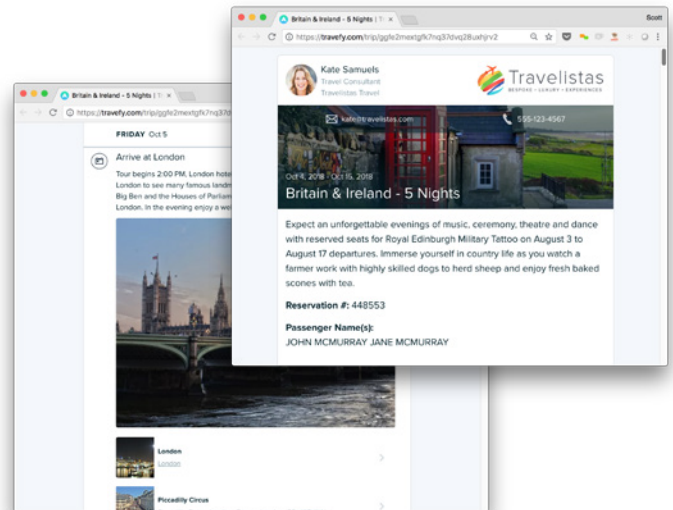

Documents that dazzle and delight.

Travefy integrates with Tourplan to import quotes and bookings while matching components to your custom Library within Travefy.

How It Works

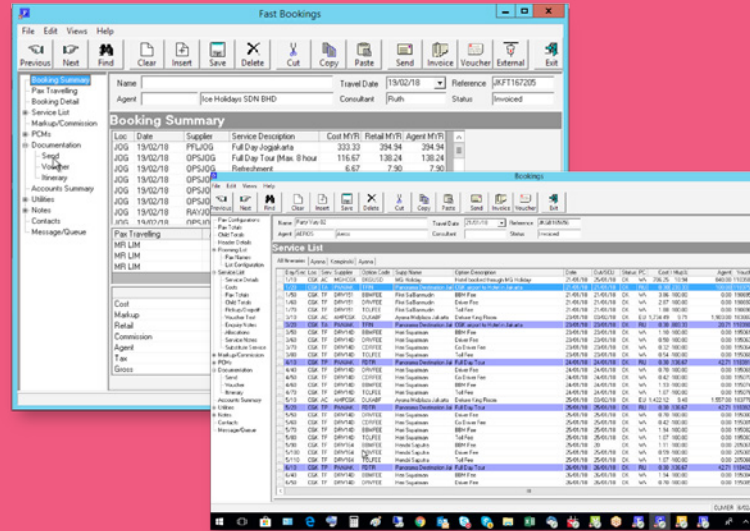

TOURPLAN

- **Build in Tourplan**

Create quotes and bookings in Tourplan.

- **Send to Travefy**

Send your quote or bookings to Travefy using Tourplan's special message format.

travefy

- **Import Into Travefy**

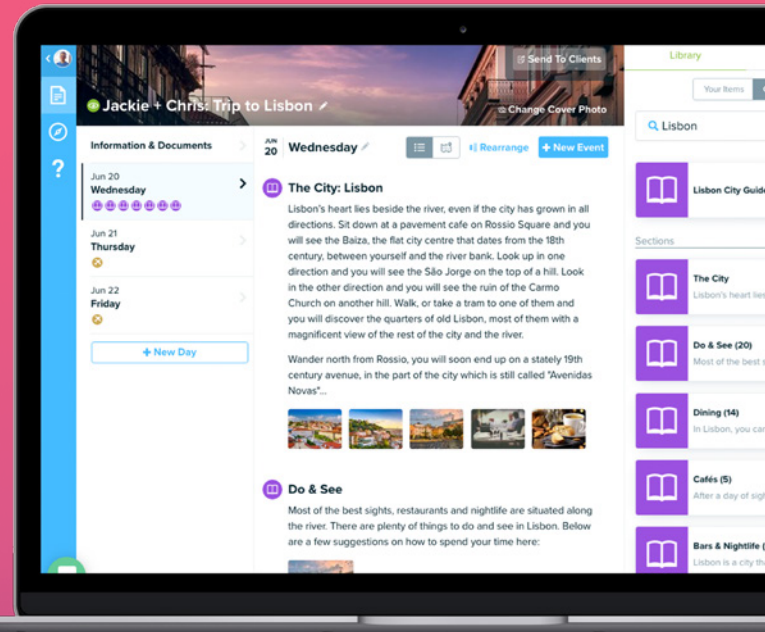

Travefy receives the information and imports it into a new trip automatically.

- **Rich Content Auto-Inserted**

Travefy automatically matches the booking components sent from Tourplan to content you've pre-created in your Travefy Library and inserts rich content like photos, maps and more.

- **Customize and Send**

After importing your Tourplan components, make additional edits and customizations before sending it to your client via web link, PDF or mobile app.
